

Getting Your Veggies Just Got Sweeter with pHresh Greens Gummies

Made with organic ingredients and designed for everyday convenience, pHresh greens gummies are available on Amazon, at phreshproducts.com, and in retail stores.

Huntington, New York Oct 26, 2026 ([Issuewire.com](https://www.issuewire.com)) - Getting your greens should be easy, convenient, and delicious, even for picky eaters. That's the idea behind **pHresh greens gummies**, now available from pHresh Products, the wellness company founded by Howard Hoffman in 2010.

Made with organic ingredients, each serving features a blend of **16 organic green superfoods** in a sweet watermelon-flavored vegan gummy. With no scooping, mixing, or blending required, pHresh greens gummies make it simple to add greens to your routine, whether you're heading to work, packing for a trip, or keeping up with a busy day.

"Let's be honest: we all know you should eat your veggies," said Howard Hoffman, founder of pHresh Products. "We wanted to make adding greens easy and convenient, even for those picky eaters. By bringing together organic ingredients and a delicious watermelon juice, we've created something people can actually look forward to enjoying."

The blend includes kale, spinach, spirulina, chlorella, and other organic greens. Made with non-GMO ingredients and no artificial colors or flavors, the gummies offer a flavorful, chewable alternative to

traditional greens powders, green smoothies and complement a varied, balanced diet.

Since 2010, pHresh Products has worked to make everyday wellness more approachable. Its greens gummies bring that mission to life with a simple idea: a convenient routine is easier to keep when you enjoy it.

“We’ve been in business since 2010, and making wellness fit into real life remains at the heart of what we do,” Hoffman added. “From the ingredients to the taste, we wanted these gummies to be an easy addition to someone’s day.”

Ready to make your greens routine a little sweeter? pHresh greens gummies are available now on **Amazon**, at phreshproducts.com, and in **retail stores**. Visit the company’s website for product details and store locations.
