

Progressive Bureau Delhi Offers Human-Verified Transcription, Translation & Content Writing Services

Delhi-based language consultancy with 12+ years of experience and 500+ clients in India, the UK, Australia and the USA promises 100% human-written content and human-checked transcripts in an AI-driven market.

New Delhi, Delhi Oct 30, 2026 (Issuewire.com) - New Delhi, India – 30 October 2026 – As AI-generated text floods the internet, **Progressive Bureau**, a New Delhi-based language and documentation consultancy, is doubling down on a simple promise: every transcript, translation and

piece of content it delivers is **written, checked and verified by real people**. The bureau offers [human-verified audio transcription services in India](#), professional translation, content writing, proofreading, typing and data entry for law firms, corporates, event organisers, authors, researchers and individuals.

With more than 12 years of experience and over 500 clients across India, the UK, Australia and the USA, Progressive Bureau has built its reputation on accuracy, confidentiality and deadlines.

Human-Verified Transcription: Where Accuracy Matters Most

Progressive Bureau's specialty is audio and legal transcription in Delhi NCR and across India. Every transcript is typed by a trained transcriber and reviewed by a second person for accuracy, speaker labels and timestamps. This is a clear alternative to automated speech-to-text tools, which often miss Indian accents, mixed-language conversations and legal terminology.

The bureau transcribes **court hearings, depositions, arbitration proceedings, board meetings, conferences, interviews, lectures and podcasts** in **Hindi, English, Urdu, Punjabi** and other languages. A certificate of transcription is available on request.

"We started with a simple belief: when a recording is going to be used as evidence, in a book or in a boardroom, a machine alone is not enough," said **Parimal Takkar, Founder, Progressive Bureau**. "Our clients come to us because they want work that is checked by human eyes and needs no rework. That is the standard we hold ourselves to."

A Complete Language and Content Solution Under One Roof

Beyond transcription, Progressive Bureau offers:

- [Content writing and ghostwriting services](#): website content, SEO blogs, copywriting and book writing in English, Hindi and Urdu, delivered plagiarism-free
- [Typing and bulk data entry services](#): handwritten notes, scanned files and PDFs converted into clean, editable documents
- [Stenographers and typists on call in Delhi NCR](#): available across Delhi, Noida, Gurgaon, Ghaziabad, Greater Noida and Faridabad, often at short notice
- [Academic and assignment writing support](#) for students at universities in the UK, Australia, Canada and Germany, with correct APA, Harvard, MLA and OSCOLA referencing
- Translation Services: document, business and legal translation between English, Hindi and other Indian and foreign languages, handled by qualified translators

Trusted by Law Firms, Corporates and Event Companies

Progressive Bureau's work has earned strong client feedback. The National Safety Council of India's Director, A. Y. Sundkar, shared that the bureau provided excellent services at the APOSHO-39 international conference held at Yashobhoomi, Dwarka, New Delhi, in November 2025. Other clients have praised its legal call transcription for proper speaker identification, timestamps and full confidentiality.

A Legacy of Language Excellence

The bureau was founded by the late Shri H.D. Takker, who retired as Director of the Translation branch

in the Lok Sabha Annexe, Parliament of India, where he led a large team translating the speeches of Members of Parliament. Progressive Bureau carries his values of accuracy and integrity into everything it does. Its mission is to provide language solutions in all languages through qualified expert linguists.

Why Clients Choose Progressive Bureau

- **Human-written, human-checked, human-verified** work, with no unchecked AI output
