

Reitzel Insulation Wins Diamond in Hamilton's 2026 Readers' Choice Awards

Insulation contractor recognized in the Best Home Renovation Company category.

Hamilton, Ontario Oct 23, 2026 ([Issuewire.com](https://www.issuewire.com)) - Reitzel Insulation has received the **Diamond Award for Best Home Renovation Company** in the **2026 Best of Hamilton Readers' Choice Awards**, associated with The Hamilton Spectator.

The recognition places Reitzel Insulation among the businesses acknowledged by Hamilton-area readers in the Home Improvement category. Diamond is the highest distinction displayed in the program's award results.

For Reitzel Insulation, the recognition reflects its longstanding involvement in residential construction and renovation projects throughout Hamilton and surrounding Southern Ontario communities.

Although the award category is Best Home Renovation Company, Reitzel Insulation specializes in insulation and related building services rather than general home renovations. Its work supports homeowners, contractors, and builders undertaking improvements to existing properties and constructing new buildings.

Supporting Home Renovations Through Insulation Services

Reitzel Insulation provides spray foam insulation, blown-in insulation, insulation removal, and fireproofing services for residential, commercial, and agricultural properties.

The company has completed more than 100,000 projects across its service region, working with property owners and construction professionals on a wide range of building requirements.

Insulation is an important component of many home improvement projects. Whether a homeowner is renovating an older property, finishing a basement, upgrading an attic, or improving the building envelope, appropriate insulation can contribute to indoor comfort and energy efficiency.

Reitzel Insulation works with customers to identify suitable insulation applications based on the building, project scope, and installation requirements.

The company also serves commercial and agricultural clients, providing insulation solutions for properties with different operational and performance needs.

Appreciation for Hamilton Community Support

Jamie George, representing Reitzel Insulation's leadership team, expressed appreciation for the company's Diamond recognition.

"We are grateful to the Hamilton community for recognizing Reitzel Insulation in this year's Readers' Choice Awards. Our team works with homeowners, builders, and contractors on projects of many different sizes, and we appreciate the trust our customers place in us. This recognition is meaningful to everyone involved in serving the region," said George.

The Diamond award follows another Hamilton recognition for Reitzel Insulation earlier in 2026.

The company was named a **Platinum winner in the Drywall and Insulation category of CommunityVotes Hamilton 2026.**

The two awards come from separate community recognition programs. Together, they provide opportunities for Reitzel Insulation to acknowledge the support of local customers and the work of its installation and service teams.

Continued Service in Hamilton and Southern Ontario

Reitzel Insulation serves the Hamilton market through its local sales office at **10 George Street, Hamilton, Ontario.**

The company's broader operations support residential renovations, new construction, commercial building projects, and agricultural properties across Southern Ontario.

For homeowners, insulation improvements may form part of a larger renovation involving walls, attics, basements, or other areas of the home. Builders and contractors also rely on insulation installation as part of new construction and building improvement work.

Reitzel Insulation continues to focus on project planning, appropriate installation methods, communication with customers, and workmanship suited to each property's requirements.

The company views its 2026 Diamond recognition as an opportunity to thank Hamilton-area residents while continuing to provide specialized insulation services throughout the region.
