

Rob's Quality Construction Wins Three Diamond Awards in Hamilton's 2026 Readers' Choice Awards

Burlington renovation contractor earns Diamond recognition for kitchen renovations, bathroom renovations, and Best Overall Business in Home Improvement.

Hamilton, Ontario Oct 23, 2026 ([Issuewire.com](https://www.Issuewire.com)) - Rob's Quality Construction Corporation Inc., a Burlington-based residential renovation company serving Hamilton and surrounding communities, has received **three Diamond awards** in the **2026 Best of Hamilton Readers' Choice Awards**, associated with The Hamilton Spectator.

The company earned Diamond recognition in three Home Improvement categories:

- **Best Overall Business Home Improvement – Diamond Winner**
- **Most Instagrammable Bathroom Renovations – Diamond Winner**
- **Most Instagrammable Kitchen Renovations – Diamond Winner**

The awards recognize Rob's Quality Construction in categories focused on the visual appeal of completed renovation projects. For the company, the results highlight the importance of combining thoughtful design, practical layouts, and careful construction in two of the most frequently renovated

areas of a home.

The Best of Hamilton Readers' Choice Awards invite local residents to recognize businesses and service providers across a range of categories. Diamond is the highest distinction displayed in the program's category results.

Kitchen and Bathroom Renovations Designed for Everyday Living

Led by owner **Rob Szulimowski**, Rob's Quality Construction Corporation Inc. provides residential renovation and home improvement services throughout Burlington, Hamilton, and surrounding communities.

With more than 15 years of industry experience, the company works with homeowners on kitchen renovations, bathroom improvements, and other interior remodeling projects.

Kitchen and bathroom renovations often require careful coordination between appearance and function. Cabinetry, lighting, flooring, fixtures, storage, and material selection must work together to create spaces that meet homeowners' needs.

Rob's Quality Construction approaches these projects with attention to planning, installation details, and the finished appearance of each room.

While the Readers' Choice categories emphasize visually appealing renovations, the company also considers the practical requirements that determine how well a space performs over time.

For kitchens, these considerations may include workspace arrangements, storage, lighting, and durable surfaces. Bathroom projects involve similar decisions around layout, moisture-resistant materials, fixtures, and everyday usability.

The three Diamond awards provide an opportunity to recognize both the design aspects of renovation work and the craftsmanship required to bring those designs to completion.

Owner Thanks Hamilton-Area Homeowners

Rob Szulimowski expressed appreciation for the recognition and the continued support of customers throughout the region.

"I am grateful to everyone who supported Rob's Quality Construction in this year's Readers' Choice Awards. Kitchen and bathroom renovations are an important part of our work, and it means a lot to see both recognized. I appreciate the trust homeowners place in us and the opportunity to help create spaces they can enjoy every day," said Szulimowski.

The three Diamond distinctions follow additional community recognition for Rob's Quality Construction earlier in 2026.

The company received **four Platinum awards in CommunityVotes Hamilton 2026**, including Architecture and Design, General Contractors, Home Improvements and Renovations, and Kitchen Specialists.

Although CommunityVotes Hamilton and the Best of Hamilton Readers' Choice Awards are separate

programs, both provide opportunities for residents to acknowledge local businesses.

Continued Focus on Residential Renovation Projects

Rob's Quality Construction continues to serve homeowners seeking improvements to their kitchens, bathrooms, and other living spaces.

Renovation projects can involve substantial decisions about budgets, construction schedules, materials, and the long-term use of a home. The company emphasizes communication with clients and careful execution throughout the renovation process.

For Szulimowski, the new awards are an opportunity to thank customers while maintaining the company's focus on workmanship, practical solutions, and completed projects that reflect each homeowner's goals.
