

VGTEL Inc. (OTC:VGTL) Announces Acquisition of APXLW and Appointment of New Sole Officer and Director

Henderson, Nevada Oct 7, 2026 ([Issuewire.com](https://www.issuewire.com)) - VGTEL Inc. (OTC:VGTL) today announced a major corporate transformation centered on the acquisition of APXLW LLC ("APXLW"), a rapidly expanding multi-disciplinary legal services organization powered by advanced AI case-analysis technology, national media advertising infrastructure, and a private attorney network model that fundamentally disrupts the legal-services marketplace.

APXLW operates across Personal Injury, Medical Malpractice, Family Law, Criminal Defense, Probate, Wills, and Corporate/Contract Law, supported by its proprietary AI Positioning Program, which integrates more than 50 specialized AI platforms to accelerate case evaluation, cross-reference legal scenarios, and optimize litigation strategy. The firm also deploys high-impact advertising through TV commercials, online campaigns, viral street marketing, and billboard placements, enabling broad market reach and measurable client acquisition performance.

APXLW's Private Network Model — A Competitive Advantage No Lead-Gen Company Can Match

APXLW is a private network of top-rated attorneys, designed to deliver exclusivity, efficiency, and unmatched client flow.

- Direct access model — Clients connect directly to attorneys, and attorneys receive direct clients.
- Exclusive lead rights — All advertising funnels straight to the attorneys, giving each attorney exclusive rights to the incoming lead.
- Lead-gen disruption — Traditional lead-generation companies must sell the same lead to multiple attorneys to remain profitable.
- Membership-based recurring revenue — APXLW operates on a membership model that creates

consistent recurring income.

- Unified advertising & brand strength — All members benefit from coordinated national advertising and shared market positioning.

This structure gives VGTel a scalable, defensible, and high-margin legal-services engine.

Leadership Transition: JP Schramm Appointed Sole Officer and Director

Concurrent with the acquisition, VGTel has completed a full leadership restructuring.

JP Schramm has been appointed as the Company's sole officer and sole director, effective immediately.

Schramm is a seasoned media and distribution executive with more than two decades of experience in Hollywood theatrical distribution, upfront media buying, and national advertising. His background includes:

- Founder of Summit Entertainment Inc.
- Creator of The Legal Helpline
- Early architect of The Shopping Channel, later becoming The Home Shopping Network
- Facilitator of 85+ feature film releases across major studios and independents
- Strategic partnerships influencing 70% of upfront media buying and 20% of distribution services in Hollywood

His appointment positions VGTel to leverage APXLW's legal-sector growth alongside national media capabilities.

Corporate Realignment and Removal of Legacy Assets

As part of the restructuring and in recognition of changes in voting control and management, certain previous legacy assets were removed from VGTel as consideration. This realignment allows the Company to focus exclusively on its new legal-media strategy and eliminates legacy obligations that no longer align with VGTel's forward direction.

Quote from Kenneth Williams, Former Officer & Director

"After careful consideration of VGTel's position and the alternatives available to us, I believe this transaction and the resulting corporate restructuring represent the best path forward for the Company and its shareholders. Completing this transaction allows VGTel to move into a new operating chapter with an established business, new leadership, and a clear direction for future growth. I want to personally thank our shareholders who have supported VGTel through the years, particularly those who remained patient and supportive during periods of transition. That support has never been taken for granted. My goal throughout this process was to position the Company for an opportunity that I believe can create greater long-term value for VGTel and its shareholders. I am pleased to see the Company moving forward under its new leadership and wish JP Schramm and the APXLW team continued success." — Kenneth Williams

Quote from JP Schramm, Sole Officer & Director

“APXLW gives VGTel a direct-to-attorney legal engine that no lead-generation company can compete with.

We are building a national legal-media powerhouse — one built on exclusivity, AI acceleration, and market dominance.

This acquisition is not an expansion. It is a takeover of an entire sector.”

Strategic Direction

With APXLW now under the VGTel umbrella and Schramm serving as the Company’s sole officer and director, VGTel is repositioning itself as a public-company platform for legal services, AI-driven case technology, and national media distribution.

The Company’s new operational pillars include:

- AI-Enhanced Legal Services
- High-Impact National Advertising
- Strategic Market Positioning
- Public-Company Infrastructure

VGTel will continue issuing updates as integration milestones are completed and new programs are launched.
