Women Postdoctoral Research Fellows Complete Research in Foreign Countries and Shine at Green Power India Awards 2026

Chennai, Tamil Nadu Oct 28, 2026 (Issuewire.com**)** - The *Green Power India Awards 2026* and *Her Pulse 2026 – Women's Wellness, Entrepreneurship & Research Conclave* concluded successfully at Klase Hotel, Guindy, Chennai, celebrating women's achievements in international research, entrepreneurship and sustainable development on 24th October 2026.

Organised through a collaborative initiative involving Femergy India Foundation, MSME Chamber of Commerce & Industry of India, MIT Square Welfare Foundation India, MIT Square Global Technologies UK and RAISE Global Institute of Frontiers UK, the programme celebrated women researchers and entrepreneurs while promoting wellness, professional growth and global research collaboration.

A key highlight of the event was recognizing postdoctoral research fellowship awardees who completed their research with institutions across the UK, Poland, South America, Malaysia, and Türkiye. The awardees featured in the programme were:

Dr. Srideivani Nagarajan and **Dr. Judgi T** (UFSM, South America); **Dr. Devibala** (CPUR, Poland, Europe); **Dr. Swamini Chopra** (TAAU, Türkiye); **Dr. Lalitha R**, **Dr. Kirti Chetty**, and **Dr. Latha**

Lavanya B (UiTM, Malaysia); **Dr. Sylvia Grace J** (research guide at UFSM, South America).

Dr. Mithileysh Sathiyanarayanan, Scientist & CEO of MIT Square Global Technologies, London, who was unable to attend the event, is an influential global research mentor and innovation leader who drives industry-oriented research and real-world impact through an extensive international network spanning **20+ countries and 100+ universities**, empowering researchers to transform scientific knowledge into practical solutions.

With the inspiring message, **“Healthy Women. Stronger Career. A Brighter Future,”** the event successfully brought together research recognition, women’s empowerment, entrepreneurship, and sustainable innovation, reinforcing the importance of international academic partnerships and opportunities for women to excel on the global stage.
