Design 4 You Launches Nationwide Same-Day Custom Embroidery

Norfolk shop now offers nationwide same-day custom embroidery with no minimum, no rush fee, free digitizing on 6+ and free shipping on $100+.

Norfolk, Virginia Nov 17, 2026 (Issuewire.com**)** - Design 4 You, a Norfolk custom embroidery and apparel shop, today announced the nationwide launch of its same-day custom embroidery service, giving customers across the United States a faster way to order custom embroidered apparel with no minimum order and no rush fee.

Customers can order custom embroidery online at design4youink.com and choose from polos, hats, hoodies, t-shirts, jackets, quarter-zips, aprons, and uniforms and workwear. Every order starts with a digital proof the customer approves before production begins, so the finished product matches the artwork they expect.

Speed is the point of the service. Orders placed by 3 PM Eastern get super fast shipping, with standard production running two to three business days and rush production one to two. The shop keeps that pace by doing logo setup and digitizing in-house, stocking a large inventory of blank apparel, and

ordering blanks daily so most styles arrive the next day.

There is no minimum order. There is no rush fee on apparel, no setup fee, and digitizing is free on orders of six or more. Shipping is free on orders over $100, and customers who send AI-generated or rough artwork get it prepared with no artwork service charge.

"Most embroidery shops make you wait a week or charge extra to go faster," said Sam Aissi, owner of Design 4 You. "We built the shop around speed. The digitizing is done here, the blanks are here, and the machines are here, so a rush order does not have to cost more or take a week. You order online, approve your proof, and we get it done."

The service covers the full range of custom embroidery, from an embroidered polo for a small business to embroidered uniforms for a crew. Popular items include embroidered Nike and Richardson hats, custom polos, embroidered hoodies, and work shirts, all available with no minimum and shipped nationwide.

The nationwide same-day embroidery service is available now at https://design4youink.com/same-day-embroidery. Customers can shop the full catalog at https://design4youink.com/shop.
