Annapolis, Maryland Nov 16, 2026 (Issuewire.com) - Faces of Rap Mothers™ Moves Into Its Next Chapter

Faces of Rap Mothers™, founded and created by Candy Strother DeVore-Mitchell, continues to expand as a multi-platform entertainment and cultural brand connecting the people, personalities and stories surrounding rap and hip-hop with comedy, creative arts, entrepreneurship, fashion, film, literature, live events, music, pageantry, performance, publishing, reality television, and streaming and digital media.

What began with a reality-television vision has evolved into something considerably larger: a platform for entertainment, storytelling, cultural preservation, creative collaboration and new opportunity. And despite its name, you do not have to be a mother to have a place within the Faces of Rap Mothers™ story.

The platform embraces mothers, daughters, sisters, aunts, cousins, families, friends, artists, creatives, entertainers, entrepreneurs and industry affiliates whose experiences and talents contribute to the culture surrounding rap and hip-hop. At the center remains Candy Strother DeVore-Mitchell, Founder, Creator and Chief Executive Officer, continuing to move the original vision forward while welcoming new relationships, new generations and new possibilities. Faces of Rap Mothers™ honors the legacy while creating what's next.

Faces of Rap Mothers™ Welcomes Comdeychella Promotional Support

As part of that continuing expansion, Comdeychella, owned and led by promoter Larry “Magic” Smith, has begun providing promotional, entertainment, booking and publicity-related services in support of Faces of Rap Mothers™ and select participating talent. The addition of Smith and Comdeychella gives Faces of Rap Mothers™ another entertainment-industry resource for increasing talent visibility, developing audiences, promoting participating personalities and exploring new entertainment opportunities.

The relationship is designed to complement the established Faces of Rap Mothers™ platform. Faces of Rap Mothers™ and Comdeychella remain independently operated entities, collaborating where their respective interests in entertainment, promotion, booking, publicity and talent visibility align. For Candy and Faces of Rap Mothers™, welcoming Comdeychella represents another opportunity to expand the network around participating talent while maintaining the identity and direction that have shaped Faces of Rap Mothers™ from its beginnings. The message is simple: build the network, broaden the audience and create more opportunities for the talent.

Candy's Next Generation: HONEY and KING - Candy is also celebrating developments involving her daughter HONEY DeVore and son KING, both of whom have been associated with the Faces of Rap Mothers™ corporate board. Their individual journeys add another dimension to the organization by connecting its established cultural story with a generation developing entertainment identities and opportunities of its own.

HONEY DeVore: Pageantry Meets Film - HONEY DeVore brings pageantry, acting, film, media, music and entertainment into the next-generation Faces of Rap Mothers™ story. Her developing public profile has included representation as Miss LA County/Miss Los Angeles, California, media interviews and magazine visibility as she continues expanding her entertainment portfolio. HONEY is also moving further before the camera with a **leading acting role in the film *The Grass Isn't Greener*** and was recently involved in media with Snoop Dogg and Tiffany Haddish. Her journey captures an important element of the evolving Faces of Rap Mothers™ vision: Pageantry meets film. Fashion meets media.

Legacy meets opportunity. She is also an author in her own right, with her title, “Faces of Rap Mothers Presents … X.” HONEY is not simply inheriting a story. She is creating one.

KING: Music, Management and a New Personal Chapter - Candy's son, **KING**, brings his own connection to hip-hop, music management, production and entertainment. His professional activities include work associated with artist **HoodTrophy Bino**, connecting KING with the contemporary music-business environment of artists, managers, producers, collaborators and other creative professionals working behind today's music. KING is also celebrating an important personal milestone with his **engagement to Nicole Garcia-**a video model from Snoop Dogg’s Death Row Records, adding another chapter to the DeVore-Mitchell family's developing story. Together, HONEY and KING demonstrate the multigenerational dimension of Faces of Rap Mothers™: **Legacy doesn't stand still. The next generation builds upon it.**

Candy Announces Two New Special Editions

Candy Strother DeVore-Mitchell is also moving forward with the next additions to the Faces of Rap Mothers™ literary legacy:
