Onyx Coating launches Black Friday month with up to 30% off and free shipping for U.S. and Canadian installers

The month-long offer applies to every product in the range, with 30% off and free shipping on orders above $500, and is exclusive to authorized installers in the United States and Canada

Great Neck, New York Nov 3, 2026 (Issuewire.com) - Onyx Coating today announced its Black Friday month promotion, giving authorized installers in the United States and Canada tiered savings on all orders throughout November: 20% off orders below $500, and 30% off plus free shipping on orders above $500. The offer covers Onyx Coating's entire product range, including certified 10H and N1

ceramic coatings, Vunyx® paint protection film (PPF), window films, and professional detailing supplies. It is designed to help installers replenish stock ahead of the holiday season.

The offer at a glance

- 20% off orders below $500
- 30% off orders above $500, plus free shipping
- Applies across the full Onyx Coating product range
- Valid throughout November, exclusive to authorized Onyx Coating installers in the USA and Canada

Helping installers restock before the holidays

Running short on a core product mid-season costs installers time and jobs. By applying the discount across the whole range for an entire month, and rewarding larger orders with a deeper discount and free shipping, Onyx Coating gives authorized installers room to plan their purchasing, restock the professional ceramic coating and installer-grade PPF they rely on every day, and add products they have been considering.

The tiered structure centers on restocking. Orders below $500 save 20%, and orders over $500 get 30% off and free shipping, giving installers a clear reason to plan larger restocking orders ahead of the holidays.

"Installers across the USA and Canada are a core part of our network, and this promotion is as much a thank-you as it is an incentive," said Ahmad Madi, International Sales Director at Onyx Coating. "We want them well stocked and ready for every job heading into the holiday season, and a month-long offer across the full range makes that decision easier."

One supplier across the full range

Onyx Coating, as a PPF supplier, ceramic coating supplier, and window film supplier serving professionals in more than 70 countries, gives installers the option to source across categories from a single manufacturer. The promotion applies to all of them, so installers can restock their best-selling lines, including Vunyx® PPF for installers and 10H and N1 ceramic coatings, and top up window film and detailing products in the same period.

Support beyond pricing

The Black Friday month promotion sits alongside the support Onyx Coating provides to its authorized installer network, including certification based on an evaluation of a detailing center's expertise and installer skill, training where it is needed, and ongoing technical support.

"Pricing is only one part of what installers need from a supplier," Madi added. "Our goal is to be a partner that helps shops stay stocked, skilled, and confident in the products they put on their customers' vehicles, during Black Friday month and all year round."

How to take part

Authorized installers in the United States and Canada can take advantage of the offer when placing orders during November. Orders below $500 receive 20% off, and orders above $500 receive 30% off

and free shipping. For eligibility and ordering details, visit www.onyxcoating.com or contact info@onyxcoating.com.

Professionals interested in joining the network can learn more about becoming a certified Onyx Coating installer.
