PointClickFit Publishes Free Thanksgiving Travel Guides to Gyms, Hotel Fitness Centers and Kids Activities

PointClickFit.com has published a free travel guides for the Thanksgiving holiday, helping travelers find gyms that sell day passes, hotel fitness centers and spas open to non-guests, and indoor activities for children in major U.S. destinations.

Chicago, Illinois Nov 17, 2026 (Issuewire.com) - PointClickFit.com, an independent nationwide fitness and wellness discovery platform, has published a free collection of travel guides for the Thanksgiving holiday, helping travelers find gyms that sell day passes, hotel fitness centers and spas open to non-guests, and indoor activities for children in major U.S. destinations.

AAA projects that 81.5 million Americans will travel at least 50 miles from home over the Thanksgiving period, including 72.9 million by car and nearly 6 million by air. For many of those travelers, a familiar problem follows them: a week away from a regular gym, a hotel fitness room of unknown quality, and several days of restless children indoors.

The guides are free to use, require no account, and list facilities that publish their own visitor access terms.

Gyms That Sell Day Passes

PointClickFit has published day-pass guides for six destination cities, covering 33 gyms in total:

Las Vegas - gyms near the Strip.
New York - gyms near Midtown.
Chicago - gyms in and around the Loop.
Orlando - gyms near the International Drive corridor.
Atlanta - gyms near Midtown.
Phoenix - gyms near downtown.

Each guide lists facilities ordered by distance from the area where visitors are most likely to be staying, rather than by rating, and each entry states how that gym sells access to non-members as described on the gym's own website.

Hotel Fitness Centers and Spas Open to Non-Guests

A second set of guides covers hotels that sell access to their fitness centers, and in Chicago their spas, to people who are not staying at the property - useful for travelers whose own hotel has little more than a treadmill and a bench.

These cover 30 hotels across Chicago, Las Vegas, Atlanta, Miami, Fort Lauderdale and Orlando, plus six Chicago hotel spas.

Indoor Activities for Children

For families traveling with children over the long weekend, PointClickFit's Kids Activities Directory lists 23,840 providers across 4,831 cities and towns in all 50 states and Washington, D.C., including trampoline parks, indoor playgrounds, ninja and gymnastics gyms, swim schools and municipal recreation programs.

Parents can search by city or ZIP code and view ratings, contact details and locations on an interactive map.

How the Guides Are Compiled

Facilities are included on the basis of visitor access terms published on their own websites. Ratings shown are drawn from public reviews of the listed businesses.

Prices, hours, and non-guest access policies change, and holiday hours frequently differ from regular hours. Travelers are advised to confirm current details with a facility directly before visiting. Businesses cannot purchase inclusion or placement in any PointClickFit guide or ranking.
