Sundarban Tour Season 2026-27: Sundarban Mondal Travels Launches Winter Sundarban Tour Packages from Kolkata and Canning

kolkata, West bengal Nov 15, 2026 (Issuewire.com**)** - *All-inclusive* Sundarban tour *packages for November to February, with boat safari, forest permits, local guide, Bengali meals and hotel stay included from ₹1,499 per head.*

Sundarban Mondal Travels, a Kolkata-based Sundarban tour operator in business since 2015, has opened bookings for its Winter 2026-27 Sundarban tour packages. The season's line-up includes the popular Sundarban tour 3 days 2 nights package, a shorter 1 night 2 days Sundarban tour, a one-day trip and an all-inclusive Sundarban tour package from Kolkata. Every package covers the boat safari, forest permits, a local guide, meals and stay, so travellers only need to reach the pick-up point.

Why winter is the best time for a Sundarban tour

For most travellers from Kolkata and the rest of India, November to February is the most comfortable time for a Sundarban tour. The days are pleasant, the rivers are calmer than in the monsoon, and long hours on the boat deck are easy even for elderly guests and small children. Winter also brings migratory birds to the mangroves, and crocodiles are often seen basking on the mudbanks on cool mornings.

The season also lines up with Christmas holidays, school winter vacations and New Year, when many

Bengali families plan a short outing close to home. To keep each Sundarban tour package easy to compare, the company has published clear per-head starting prices:

Sundarban Tour 3 Days 2 Nights → Canning to Canning → ₹3,499

Sundarban Tour 1 Night 2 Days → Canning to Canning → ₹2,499

One Day Sundarban Tour → Canning to Canning → ₹1,499

Sundarban Tour Package from Kolkata → Kolkata to Kolkata → ₹5,499

Final fares depend on the room type (AC or non-AC) and travel dates, and the team confirms the exact amount at the time of booking.

Inside the Sundarban tour 3 days 2 nights itinerary

The Sundarban tour 3 days 2 nights package, also searched as the Sundarban tour 2 nights 3 days package, remains the company's most-booked option. It gives guests enough time on the water to explore the core tourist zone of the Sundarban Tiger Reserve without rushing.

- **Day 1 – Kolkata/ Canning to Pakhiralay.** Guests take the morning local train from Sealdah and are received at Canning station by the team. A car takes them to Godkhali ferry ghat, where the Sundarban boat safari begins. The first stop is Gosaba, home to the historic Hamilton Bungalow and Beacon Bungalow. Lunch is served on board, followed by an afternoon cruise along the mangrove-lined rivers and a sunset view before check-in at Pakhiralay.
- **Day 2 – Watch towers and forest channels.** After bed tea and breakfast on the boat, the group enters the forest at Sajnekhali Watch Tower and its Mangrove Interpretation Centre. Next comes Sudhanyakhali Watch Tower, with its labelled mangrove trees and Bonbibi temple. The boat then passes the dense channels of Pirkhali, Gajikhali, Deul Bharani and Choragaji, reaching Panchamukhani, where five rivers meet.
- **Day 3 – Dobanki and return.** The final forest entry is Dobanki Forest Camp, known for its raised canopy walk above the forest floor, where spotted deer and red crabs are common sights. After lunch, the boat returns to Godkhali and guests are dropped back at Canning in time for the evening train to Kolkata.

The 1 night 2 days Sundarban tour covers Gosaba, Sajnekhali, Sudhanyakhali and Dobanki in a shorter format, ideal for a weekend break.

Fresh Bengali food, clean stays and evening folk programmes

Food is a big part of every Sundarban tour package. Meals are cooked fresh by local cooks and served on the boat during the day and at the hotel in the evening. A typical day starts with puri-sabzi or aloo paratha with tea, moves on to a lunch of rice, dal, bhaja, prawn malai curry and katla kalia, and ends with mutton curry or chicken at dinner. Fish pakora and tea keep guests going between sightseeing stops, and vegetarian meals are arranged on request.

Nights are spent in clean AC or non-AC rooms at Pakhiralay, a quiet riverside village at the edge of the forest. In the evening, guests enjoy local cultural programmes such as Jhumur dance and Baul songs, which give a glimpse of the life and traditions of the Sundarban islands.

"Winter is when the Sundarbans are most comfortable for families and first-time visitors," said **Hiranmay Mondal** of Sundarban Mondal Travels. "Our guests travel with the same local team from Canning pick-up to the final drop, and we take care of permits, food and stay so they can simply enjoy the forest. We always tell guests honestly that a tiger sighting is rare and never guaranteed. But the deer, crocodiles, kingfishers and the mangroves themselves make every trip worth it."

Options for families, groups and travellers from outside Bengal

Besides the fixed packages, Sundarban Mondal Travels arranges private boat tours for couples and families who prefer their own boat, and group tours for up to 40 guests. Schools, colleges, offices and housing societies can ask for special group rates for winter excursions and picnics.

Guests who do not want to manage the train journey can choose the Sundarban tour package from Kolkata, which includes road transfer from the city to the ferry ghat and back. Travellers from other states such as Odisha, Tamil Nadu, Delhi or Bengaluru can fly or take a train to Kolkata, reach Sealdah station, and catch a local train to Canning, about one and a half hours away. The company also publishes a month-by-month guide to the best time to visit Sundarban for those planning ahead.

Booking is simple. **Travellers can call or WhatsApp +91 62955 82292** to check dates, choose a package and confirm their seats. Payment is accepted through UPI, bank transfer and other common methods. Guests should carry a valid photo ID, which is needed for forest permits. During the Christmas and New Year period, boats and rooms fill up early, so the team advises booking at least two to three weeks in advance.
