Yesterland Farm Unveils New Ice Skating Rink as the Star Attraction of The Great Texas Christmas in Canton

The new ice skating experience headlines Yesterland Farm's reimagined Christmas celebration, featuring one million lights, the Jingle Bell Express, a Christmas Carnival, Santa Claus, and more beginning November 27.

Dallas, Texas Nov 3, 2026 (Issuewire.com) - This Christmas, Yesterland Farm is bringing a whole new kind of holiday magic to East Texas — and the biggest excitement is happening on the ice.

For the 2026 holiday season, Yesterland Farm is introducing a **new ice skating rink**, giving families a fresh reason to visit Canton and experience Christmas together.

The rink takes center stage at **The Great Texas Christmas**, the farm's newly named holiday celebration, which opens November 27 and runs on select dates through December 27, 2026.

Alongside the new skating attraction, guests can look forward to one million sparkling Christmas lights, the Jingle Bell Express train ride, festive carnival attractions, visits with Santa Claus, and winter-inspired activities.

For families across Dallas–Fort Worth, Tyler, and East Texas, Yesterland Farm is creating a Christmas destination where skating, lights, and holiday traditions come together in one festive experience.

The Biggest New Attraction This Christmas - Ice Skating!

While Yesterland Farm is known for its pumpkin patch, fall festival, and carnival rides, this Christmas brings something especially exciting: **the addition of a new ice skating rink**.

The rink introduces a new way for families to enjoy the holiday season, offering an activity that feels right at home among Christmas lights, festive music, and the excitement of a winter celebration.

For children eager to try skating, teenagers looking for a fun holiday outing, and families hoping to make new Christmas memories, the rink gives guests a whole new experience to look forward to.

And in a state where winter weather doesn't always arrive on schedule, having a dedicated holiday skating attraction adds an extra touch of seasonal excitement.

Whether skating becomes the highlight of a family outing or the beginning of a new annual tradition, Yesterland Farm hopes the rink will give visitors one more reason to gather and celebrate.

Guests should check the official event website for current skating availability, admission details, and any additional activity requirements.

One Million Christmas Lights and the Jingle Bell Express

The new ice skating rink may be this year's biggest addition, but the lights remain an unforgettable part of the celebration.

During The Great Texas Christmas, Yesterland Farm will shine with **one million Christmas lights**, transforming the Canton destination into a festive holiday setting.

Families can climb aboard the **Jingle Bell Express**, an illuminated train experience that takes visitors through the dazzling Christmas displays.

A Christmas lights wagon ride offers another way to enjoy the decorations and festive countryside atmosphere.

Together, the skating rink, train, and light displays create an evening filled with opportunities to experience the wonder of Christmas in different ways.

Christmas Carnival Rides, Santa Visits, and Winter Fun

Beyond skating and lights, The Great Texas Christmas brings back the excitement of Yesterland Farm's

family-friendly attractions with a holiday twist.

Guests can enjoy the **Christmas Carnival**, explore festive photo opportunities, and celebrate the season with Santa Claus.

Winter-inspired activities add even more variety to the experience, including **Santa's Snowball Toss**, featuring real snowballs, and tubing slides.

Families can choose from a range of activities, making the celebration appealing to children, teenagers, parents, and grandparents.

Some attractions may require additional purchases. Visitors are encouraged to review current attraction information before arriving.

A New Name and a New Christmas Tradition

The name **The Great Texas Christmas** reflects the farm's vision for a holiday celebration that brings together the excitement of a Christmas carnival and the traditions families look forward to every year.

With the introduction of ice skating, the experience offers something new for returning visitors while welcoming families who may be discovering Yesterland Farm for the first time.

For families looking for ice skating near Canton, Christmas activities in East Texas, or a holiday outing within reach of Dallas–Fort Worth, the farm offers a festive destination where guests can make an entire visit out of the celebration.

Plan Your Visit to The Great Texas Christmas

The Great Texas Christmas is scheduled for **November 27 through December 27, 2026**, on select operating dates.

Guests should check the official website for the event calendar, ticket availability, skating details, attraction information, and operating hours.
